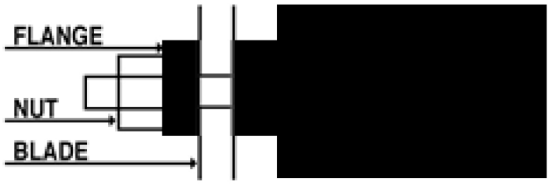
SAFEGUARD YOUR SAW BLADES WHEN SHIPPING

1. Use blade box or wrap each blade in cardboard
2. Pack shipping box with packing materials to minimize movement
3. Seal securely (Tape top to bottom & side to side)

BLADE INSTALLATION

1. Read, Understand, and follow machine manufacturer's instructions and safety information.
2. Disconnect power to machine.
3. Clean flange and center 3" hub of blade. Blade must be spotless to achieve best results.
4. New blades are larger than sharpened blades, make sure there is enough clearance before operating machine



IF BLADE TOUCHES HOUSING: DO NOT RUN MACHINE!
