Check Out Our Website Remodel!

We are excited to invite you to Pacific Breeze's new website! Don't worry, we have kept many things the same, but we have added additional features to help you enjoy your experience with us! It has been over 5 years since we first launched our e-commerce based website. After years of the same ol', same ol', we thought it would be nice to add a little spice to the format and bring a bigger and more functional website.

For example, our favorite addition to the new website, is the new

Live Chat system available on the bottom right of our website! This feature allows instant messaging with our representatives during business hours to assist you with any questions or concerns. If we are unavailable, leave a message and we will contact you back as quickly as possible.

We have gone ahead and added some social networking buttons to help you share what you come across! **Google+**, **Twitter and Facebook Integration**! For easier browsing of our products, we now have larger thumbnails! Scroll over an image to see if there are variations of the product available. Also, Looking for our Featured Products couldn't be any easier! Many of our pages now have a recommended spot where the products are easily seen!

Please join us on the launch of our new website!

Summer Gardening Tips

Plant seeds for corn, green beans, squash, cucumbers, and other heat-lovers once the soil has warmed to 60 degrees F. That's warm enough for you to walk on it comfortably barefoot, usually about two weeks after the last average frost date. If you've already planted corn, plant another crop or two every two weeks to help spread out the harvest.

Nutrition Tips for June

- Eat more vegetables and fruits. Go for color and variety–dark green, yellow, orange, and red.
- Water is best to quench your thirst. Skip the sugary drinks, and go easy on the milk and juice.
- Eating less salt is good for everyone's health. Choose more fresh foods and fewer processed foods.
- A daily multivitamin is a great nutritional insurance policy. Some extra vitamin D may add an extra health boost.
- Moderate drinking can be healthy-but not for everyone. You must weigh the benefits and risks.

Classic Bread Crumbs
