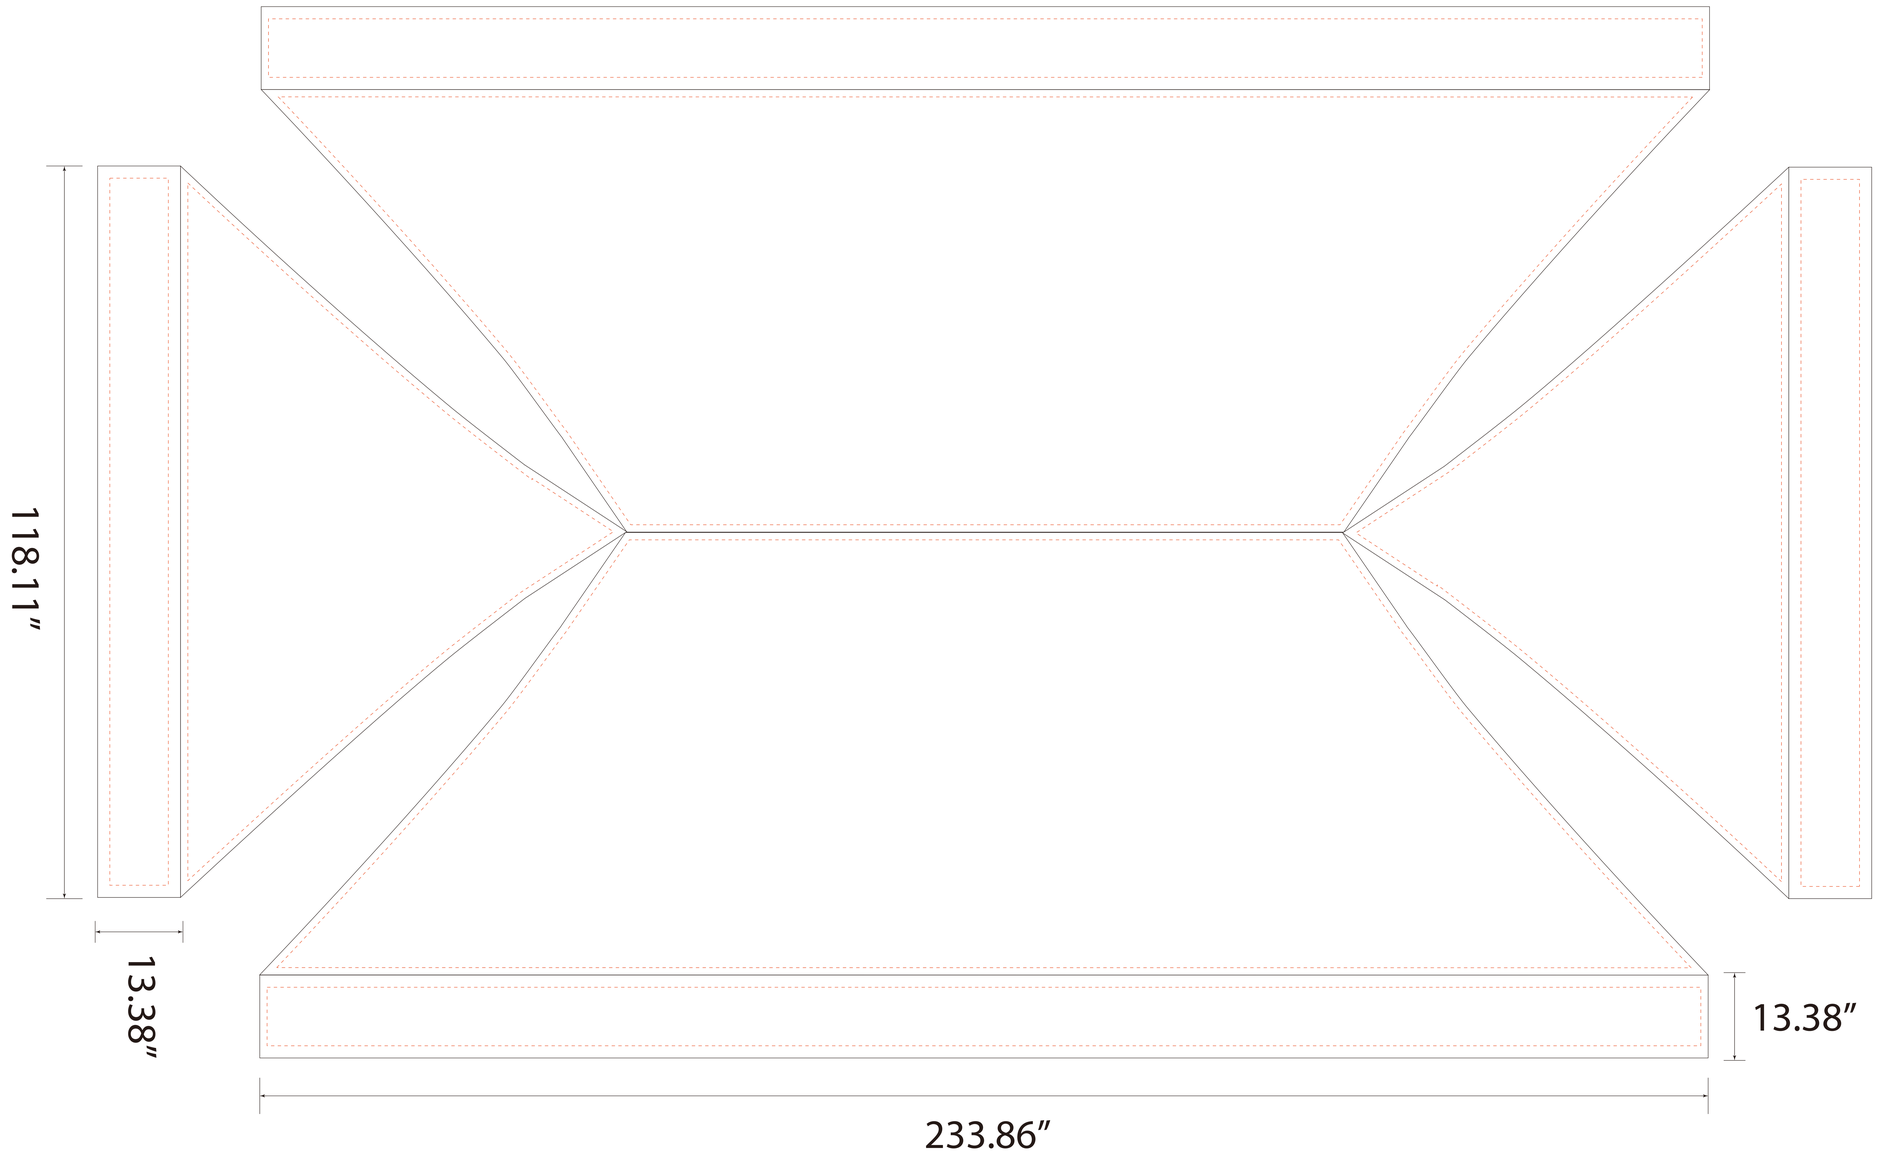
10x20 Template
ATTH-20
Scale 2:1



Submit final files to service@custompopouptents.com

- Design on the “artwork” layer or add your own layers below the “template” layer.
- All colors must be converted to CMYK.
- Outline all fonts and expand lines. (Tip: Save a copy of your file before converting to outlines incase you need to change text, etc.)
- Artwork should touch the black outlines.
