SAFELIGHTS

The perfect combination of a night-light and safety cover.

Safely Illuminate Your Home

Keep your little ones safe

Time to get rid of your bulky, unsafe plug-in night lights! The SafeLight features safety sliding covers to protect your little one's fingers. The covers snap over the outlet holes as soon as the plug is removed.

Low profile design

Designed to look like your standard outlet cover and blends in with any home decor while leaving both outlets available for use at all times.
