GROUND FEEL	Great balance between ground feel and comfort, flexibility & protection. Will **form to your foot** like a glove.	Less ground feel, more rock protection and cush. Feels like a **hard packed sand**. Over time, it will form to your foot like a glove.	**Less ground feel, more rock protection**. Our hardest core trail adventure sandal.	**Lots of ground feel** and flexbility. Our grippiest yet most minimal trail sandal.	**Less ground feel, more rock protection**. Our hardest core trail adventure sandal.	**Lots of ground feel** and flexbility. Our most durable, grippiest & minimalist trail sandal.	Great **balance between ground feel and grip**, flexibility & protection. Will form to your foot like a glove.	Our **most minimal trail sandal** with lots of ground feel and flexibility! Will form to your foot like a glove.	Less ground feel, **more rock protection**. Our longest lasting outsole.
LACING STYLE	**Wings** Our "ease-of-use" refinement: After years of R&D, we added custom-designed side-posts in 2019, aka "Wings", making our "one-continuous-loop" webbing system less challenging to master. Winged LUNAs are a **easier to put-on and take-off**, yet they preserve our famous high-performance full adjustability.	**Wings** Our "ease-of-use" refinement: After years of R&D, we added custom-designed side-posts in 2019, aka "Wings", making our "one-continuous-loop" webbing system less challenging to master.
