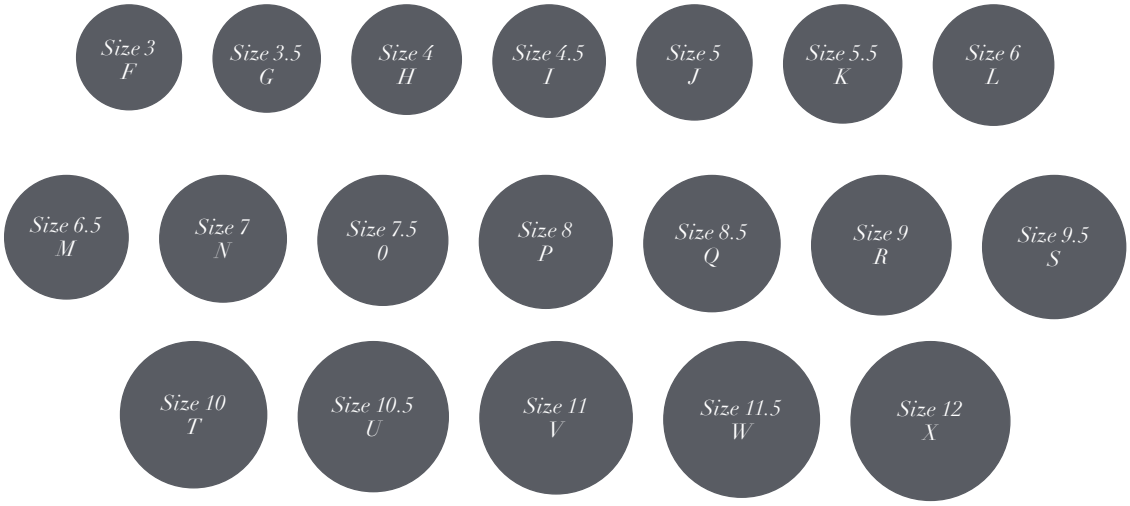
How to measure your ring size

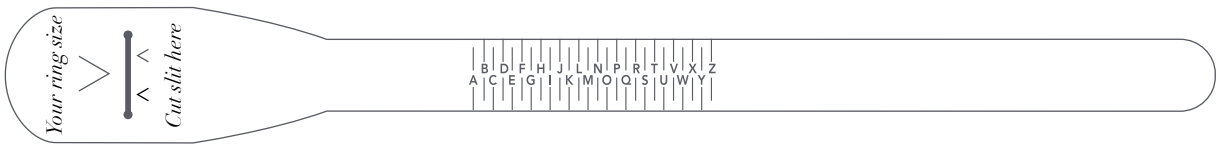
Please note:

- *Before printing, make sure that the page scaling is set to 'None' in your print options.*
- *Please ensure you are printing on standard A4 sized paper (210 x 297mm).*
- *Your ring sizer should measure 160mm in length.*

Option 1 – Measure an Existing Ring

1. *Select an existing ring that fits your desired finger.*
2. *Place the ring over the circles below until the inside circumference of the ring matches a specific circle.*
3. *If your ring falls in between two sizes, consider the width of the band. A wider band may require a slightly larger ring size.*



Option 2: Use Ring Sizer to Measure Finger


1. *Print and carefully cut out the below ring sizer..*
2. *Place the end of the ring sizer through the indicated slit to form a loop.*
3. *Wrap the loop around your finger with the letters side visible. The letter that appears closest to the slit is your ring size.*
