SS-FP10-C-II

Our FabPop SpaceStation uses printed fabric to cover the SpaceStation frame. The fabric is applied to the frame when it is collapsed, then stretches tight to cover the frame when the frame is extended to full height position. The fabric graphic requires the least amount of time to set up and take down and is very lightweight to simplify shipping and handling.

100% SCALE

Endwrap:
12.75”W x 88.5”H

Main Panel:
107”W x 88.5”H

Endwrap:
12.75”W x 88.5”H

Total Size: 132.5”W x 88.5”H
