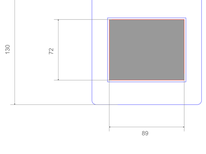
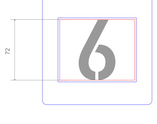
LUX M1 – 130 X 130 max 2 number



Text area size
mm 89 x 72

Example 1
Two letters "M"
Center text alignment

Example 2
Two numbers
Center text alignment



Example 3
One number
Center text alignment

readability

average readability
with one letter: m 29
with two letter: m 17 - m 29

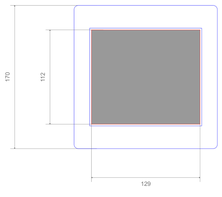
** Readability and sizes depends on the type of content: ex: only letters, only numbers, letters + numbers*

Font: Rail

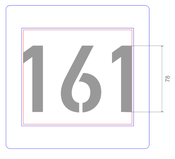
ABCDEFGHIJKLM
NOPQRSTUVWXYZ
abcdefghijklm
nopqrstuvwxyz
1234567890

From "manual" the ratio character size - maximum reading distance is 1cm - 4 meters. In other words, a 1 cm high character can be read up to a maximum distance of 4 meters. Of course the values change proportionally. For example, a character 10 cm high can be read up to a distance of 40 meters. They seem very low values, but try: if your eyesight is normal these proportions are more than acceptable.

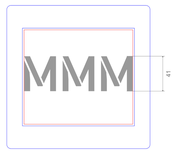
LUX M1 – 170 X 170 max 3 number



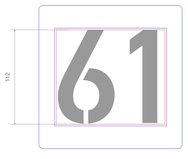
Text area size
mm 129 x 112



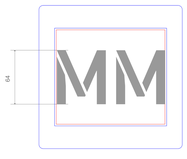
Example 1
Three numbers
Center text alignment



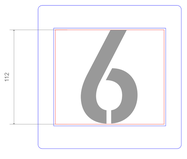
Example 2
Three letters "M"
Center text alignment



Example 3
Two numbers
Center text alignment



Example 4
Two letters "M"
Center text alignment



Example 4
One number
