ABBOTT LYON

Printable Bracelet Size Guide

This easy guide will assist you in determining your bracelet size. All you require for this is a printer and paper

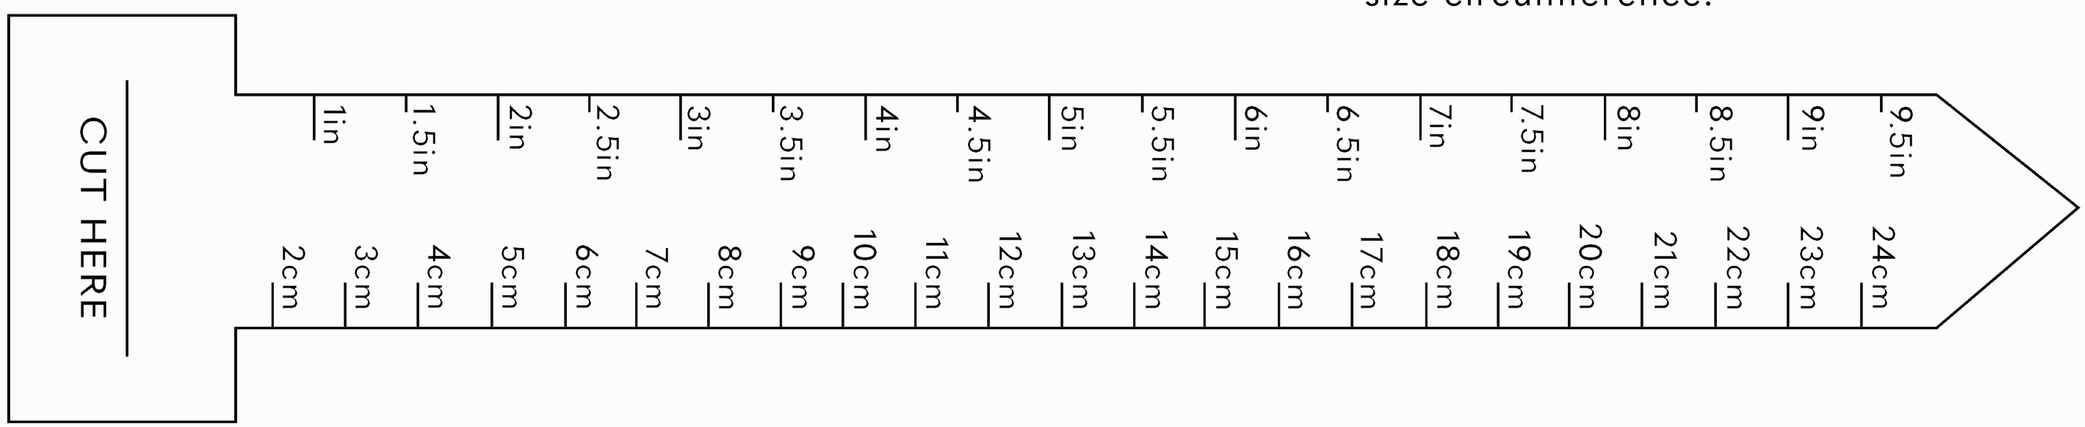
Step 1

Print this document, making sure to set the page scaling to 100% for a full A4 page. Check the line below once printed; it should be exactly 30mm. This is your precision guide.

30 mm

Step 2

Cut out the ruler and make a slit on the line at the bottom of the ruler where it says 'Cut Here'.



Step 3

Wrap the sizer around your wrist and insert the tip through the gap, making sure the numbers are visible. Adjust until the bracelet fits snugly around your wrist.

Step 4

Examine the measurement where you've inserted the tip of the sizer through the gap you've created, and you'll have your wrist size circumference.
