A Sexy Date Night In

We're craving sexy, playful, hedonistically indulgent adventures right now, and whether that's a full-on date night or living it up solo, we're staying in for it. On the menu: easy massage, a bath that all but stops time, and multiple orgasms (as in the bestselling candle—and the real thing, too, of course). Everything below is designed to rouse the senses, leave your whole being glowing (there's a new exfoliating miracle for instantly luminous skin, an easy hair trick for all textures, and a vibrator that works miracles), and truly get you in the mood to make the whole night feel more intimate.

1

MASSAGE AND MOISTURIZE

Like sex, massage can pull you into the moment like few other activities (when the latter is a segue to the former—the *best*). There's no wrong way to do it, either: For a great massage, for yourself or a partner, simply do what feels good and smooth on a nourishing moisturizer as you go from head to toe, giving every area in between some love. To take it to the next level, incorporate an infrared mat; the radiating heat feels sublime.

THE BUTTERY BESTSELLER

This melting, clinically tested formula tones, smooths, lifts, and moisturizes like crazy, leaving skin glowing and supple.

TRICK OUT YOUR BATHTUB

Lying in a hot bath already feels like stolen time—you're sequestered from email, texts, and life's many demands. When you go the extra mile and dump in a big bag of pink sandalwood-inflected bath salts or polish your skin with the most heavenly smelling jasmine body scrub as you soak, the simple act of taking a bath feels as deeply indulgent as it gets.

DRY BRUSH

Sweep this brush over your (or your bathing partner's) limbs to soften skin and energize the psyche—the perfectly dense bristles get right in there and really hit the spot.

SHIFT THE MOOD WITH CANDLES (AND SCENT)

Our attraction to flame is primal, and the soft glow and gorgeous scent of a clean, essential-oil-based candle is especially alluring. Light a few wherever you are—in the bedroom when you're playing massage therapist, in the bath so you can watch the mesmerizing flicker from the tub, or all over the living room for a sexy-loungy atmosphere.

The blend of Turkish rose absolute, tart grapefruit, and neroli is utterly addictive, and the chic black container makes it even sexier.

Sexy, romantic, and beautifully skin-nourishing, this is a jojoba-and-baobab-oil candle and a gorgeous massage oil in one.

Any form of exercise makes us feel more alive, but there's truly nothing like a few vinyasas and crow poses to get the blood moving, stop the mind from ruminating, and noticeably glowify skin. And—again, it might be just us—we always emerge from yoga just plain *liking* our bodies better. This mat is made from cushiony, grippy natural rubber, so slipping isn't a thing as you flow.
