It is little wonder that Seafolly chose Voyages Lizard Island for our 2008 Catalogue shoot. A unique island paradise located right on the spectacular Great Barrier Reef, fringed with colourful coral reefs, powdery white beaches and flora and fauna that are uniquely Australian.

Seafolly has consistently captured the beauty of the vast Australian landscape in our campaigns over the years. From the red deserts in Western Australia to the sparkling oceans of Tropical North Queensland, Seafolly promotes the diversity of our free spirited culture.

Australia's premier island resort, Voyages Lizard Island is internationally acclaimed for its pristine wilderness, sublime luxury and a distinctly Australian relaxed atmosphere that is the essence of the Seafolly lifestyle.

Thank you to the staff of Lizard Island, who took every effort to make our stay as comfortable as possible, and our photo shoot run seamlessly. Lizard Island is truly a world class resort with world class staff, and it is no wonder that visitors return year after year.
