

6 Features of **JEDMED** Treatment Cabinets To Benefit Your Business & Surpass the Competition

Designed in a "Classic" format to comfortably fit an established routine or alongside existing equipment"

The Classic II Cabinets are available in light grey with drawer front highlights of beige, blue, and charcoal. Both models employ contemporary drawer pulls. The LX countertop and bottle shelf are mineralized, non-porous surfaces, and are available in white, dusk, and midnight. The SD counter top and bottle shelf are covered in a rugged mar-resistant black Formica®.

Both cabinets are available in models that incorporate suction only or pressure only features.
