WARDROBE FUN

Childlike wonder and whimsy are clearly visible in the adorable children's clothing line Patouche. Made in Canada, each piece is created with linen, cotton or bamboo and is thoughtfully designed with expandable waistbands and roll-up cuffs, so clothes can be worn even as kids continue to grow. The current collection is inspired by **Little Red Riding Hood** and **Treasure Island** and includes bonnets, booties, pirate hats, capes and more. Pick up a few of these delightful items at Pebble Baby (page 23) and Barefoot Contessa (page 29), or online at www.patouche.ca.
