Power & Charging

Primary Power: Built-in 3.7V 2200mAh lithium battery (Sealed inside, do not remove) Included USB cable and wall adapter to charge the clock: Input is 100-240~50/60Hz 0.35A. The output is 5V/2A.

The Charging Indicator light will glow red while charging. Charge the clock fully before use (7-10 hours) for best performance. Once charged, the clock will operate on battery power for 12-16 hours when lights and sound are used.
Note: Charging and use times will vary based on active hours and features used. The clock will shut down automatically when the battery is low.

Manually Set Time/Date: Program Menu

1. Press and release the ⊚ TIME ON/OFF button once to turn the clock on (or off).
2. Hold the ⊚ TIME button until the minutes start flashing. Press and release the + or - buttons to adjust the minutes.
3. Press and release the ⊚ TIME button. The hour starts flashing. Press and release the + or - buttons to adjust the hour.
4. Press and release the ⊚ TIME button to exit.

Time Display ON/OFF: Press and release the ⊘ TIME ON/OFF button to hide or display the time. The time settings will be saved when the time display is hidden and when the clock is powered OFF.

Set Time Alarms

1. Hold the 🕗 ALARM button until the minutes start flashing. Press and release the + or - button to adjust the minutes.
2. Press and release the 🕗 ALARM button to confirm. Press and release the + or - button to adjust the hour.
3. Press and release the 🕗 ALARM button to move to alarm sound. Press and release the + or - buttons to select your desired alarm sound.

bb - Beep Sound	07 - Campfire	13 - Moonlight Sonata
01 - Summer Night	08 - Thunderstorm	14 - Schubert Serenade
02 - Brook	09 - Heartbeat	15 - Edelwiss
03 - Wind	10 - Whitenoise	16 - Red River Valley
04 - Ocean	11 - Brahms Lullaby	17 - Meditation from Thais
05 - Rain	12 - Twinkle Twinkle	18 - Mozart's Lullaby
06 - Rain Forest	Little Star	

4. Press and release the 🕗 ALARM button to confirm and exit.

Note: When the alarm time is reached, the alarm will sound for 1 minute before automatically entering Snooze.

Snooze

When the alarm sounds, press and release any button to silence the alarm for 9 minutes; the Alarm Icon 🕗 will flash while snoozing.

Press and release the 🕗 ALARM button to stop a snoozing alarm (Icon will stop flashing).

Activate/Deactivate the Alarm

- Press and release the 🕗 ALARM button to deactivate the alarm.
- Hold the 🕗 ALARM button for two seconds to activate the alarm.
- The Alarm Icon 🕗 will show when active.
- If the display is OFF, the alarm will still sound.

Bluetooth Pairing

1. Restart the clock or turn it on by holding the ⏻ **POWER/BT** button until it lights up. The Bluetooth pairing mode will start automatically, shown by the blinking Bluetooth Indicator ⌘.

2. On your mobile device, turn on Bluetooth and connect to "Firefly Alarm Clock."

Connect Different Device: Double press the ⏻ **POWER/BT** button. The clock will return to pairing mode, and the Bluetooth Indicator ⌘ will blink quickly, ready to connect to a new device.

Stop Bluetooth Pairing: Hold the ⏻ **POWER/BT** button briefly until the Bluetooth Indicator ⌘ no longer shows.

Light Modes

1. Hold the ⊛ LIGHT button until the lights come on.
2. Press and release the ⊛ LIGHT button to select your light pattern options. Varied patterns of stars, and fireflies are available.
3. Hold the ⊛ LIGHT button to turn the lights Off.

Nature Sounds / Music

1. Hold the ♪ SOUND button until a sound begins to play. The Music Icon ♫ will show by the time.
2. Press and release the ♪ SOUND button to select from 18 nature sounds or music options. Your clock will continue playing until that sound is turned OFF.

01 - Summer Night	07 - Campfire	13 - Moonlight Sonata
02 - Brook	08 - Thunderstorm	14 - Schubert Serenade
03 - Wind	09 - Heartbeat	15 - Edelweiss
04 - Ocean	10 - White noise	16 - Red River Valley
05 - Rain	11 - Brahms Lullaby	17 - Meditation from Thais
06 - Rain Forest	12 - Twinkle Twinkle Little Star	18 - Mozart's Lullaby

3. Adjust the volume with the + or – button while the sound is playing.

Turn Off Sound: Hold the ♪ SOUND button to turn off the clocks audio. The Music Icon ♫ will disappear.

- Set the Timer by pressing and releasing the Ⓒ TIMER button when the sound and/or light features are active. The light above the selected Timer will light up (15 / 30 / 45 / 60 Minutes or OFF).
- The sounds and/or lights will shut off when the Timer expires.
- This is a nice feature if you wish to fall asleep to nature sounds or music from your mobile device.
