Instruction Sheet

Floor Stand - Outdoor Heavy Duty Curb Sign Stand

Step 1

Stand frame on its side on top of shipping carton. Position base against springs on frame, making sure to line up holes on base with holes on the springs.

Step 2

Place one washer and knob in one hole and tighten slightly. Place the other washer and knob on the other hole and tighten both knobs.

Step 3

Stand assembled unit up and fill base with water, sand or other substance. Place signs in frame.

Step 4 (To Place Graphic In)

Lift up two side rails and slide clear overlay out from underneath bottom and top rails.

Step 5

Slide graphic and overlay back under top and bottom rails and flip close side rails.
