

Frank, Ernest and Henry pouffes in Nos Da

Donna Wilson

Donna Wilson has come up with a playful response to the problem of occasional seating with a range of three low lying pouffes. Each pouffe is made by hand stuffing Calico bags and upholstering them with woven panels, reminiscent of segments of an orange. The pouffes come in three sizes. Henry is a slightly taller cylinder shape while Frank and Ernest are a lower flattened ball shape in two sizes. The covers are made from Nos Da fabric which Donna has designed in collaboration with SCP. The wool for this collection is specially spun and dyed in England and then woven in Wales using a time-honoured double cloth weaving technique that creates a pleasing multi-layered aesthetic, full of colour and character. The pouffes are designed to bring a little softness, intimacy and colour into the home. Also available in Zig Zag, Bora Da, Braid Caspian and Field Day fabric. Made in the UK.

Frank	Dia 80 x H 40 cm
Henry	Dia 45 x H 45 cm
Ernest	Dia 60 x H 30 cm
