MATERIAL AND PRODUCT WARRANTY

All material and products supplied by Preferred Safety Products, Inc. are warranted to be free from defects in materials, and workmanship for one year from the date of shipment from our manufacturer's facility. Workmanship includes assembly – where multiple parts are pre-assembled by PSP. This specifically excludes intermediate or onsite assembly done by others. User is advised that notices on the unit or instructions about dates or lengths of service, or for taking unit out of service are guidelines, and not any guarantee of any life expectancy or expiration date. Service starts on the date placed in service, not date of manufacture.

This is a limited warranty that does not cover incidental, consequential, special, direct or indirect, or contingent damage, insofar as the conditions of use, the purposes for use, the environmental conditions, the handling, installation, and assembly of a system by others, the use of non-supplied materials as part of the installation, the use of non-supplied components as part of a complete fall arrest or safety system for the individual users, and the personnel training for the various employees of various employers that may have access to the product, among other variables, are all completely out of the hands of the manufacturer and supplier. Therefore, there cannot be and there is not any further guarantee or warranty for the fitness for duty, fitness for purpose, fitness for any intended use, adequacy of instructions or warnings, merchantability, or any other warranty or guarantee of any kind or nature whatsoever.

Buyer's/Users' sole remedy for the Warranty is for the user/buyer to return the goods for the price paid, or for replacement with like material and products, in new condition. Do not return any goods without a Return Authorization Number sent to you by PSP in written form. This warranty gives you specific legal rights. You may have additional legal rights in your state. Please contact Preferred Safety Products 1-800-301-3188 with any questions.
