

## **Kentucky Babe**

Skeeters are a-hummin' on the honeysuckle vine  
Sleep Kentucky babe  
Sandman is a-comin' to this little babe of mine  
Sleep Kentucky babe  
Silvery moon is shinin' in the heavens up above  
Bob-o-link is pinin' for his little lady love

You are mighty lucky  
Babe of ol' Kentucky  
Close your eyes in sleep  
Fly away  
Fly away Kentucky babe  
Fly away and rest  
Fly away  
Lay your sleepy little head on your mama's chest

Hmmm...

## **In The Woods**

In the woods, sleepy head  
All the birds go to bed  
Oh, so soft, Mama sings  
Tucks them in beneath her wings

In the woods, bugabye  
Baby bears close their eyes  
Snuggle up, stretch and yawn  
They'll be dreaming before long

Now you sleep, too

In the woods, in the night  
Stars appear twinkling bright  
Whispering "Hushabye  
Everyone, night, night"

In the woods, little one  
Listen close, there's a fawn  
Nestled down, breathing deep  
In and out in his sleep

In the woods, honey bunch  
All the bees one by one  
Quietly close their wings  
Hearts still beat while they dream

Now you sleep, too

In the woods, in the night  
Stars appear twinkling bright  
Whispering "Hushabye  
Everyone, night night"

In the woods, little sprite  
Even Sun rests her light  
She'll awake, peek-a-boo  
But for now, she sleeps, too

Now you...  
sleep...  
too

## **Travelin' To You**

I'm traveling to you across the sea  
So send the stars out to guide me  
I'll follow their light wherever I go  
Until I can find my way home

I look at these hands, the work of my years  
But nothing compares to you, dear  
I've been round the world from Sydney to Rome  
But nowhere as happy home

Though I'm far away, I look at that star  
And I know you're looking where you are  
But stars are just stars, they aren't flesh and bone  
And it's time to find my way home

I'm traveling to you across the sea  
So send the stars out to guide me  
I'll follow their light wherever I roam go  
Until I can find my way home

## **Everybody Needs A Lullaby**

Let me put my head on your shoulder  
Rock me in your arms while I cry  
This world can knock you down when you're not looking  
Then knock you down again, just for spite

You don't have to say it will get better  
You don't have to tell me it's alright  
Just sing the song my mama used to sing me  
Skeeters on the honeysuckle vine

Everybody needs a lullaby  
Everybody needs a place to cry  
Everyone needs someone to sing to them  
Everybody needs a lullaby

I might fall asleep if you will hold me  
In your arms I'll let go of my pride  
There's a secret garden that the world can't find  
Hidden in that honeysuckle vine

Everybody needs a lullaby  
Everybody needs a place to cry  
Everyone needs someone to sing to them  
Everybody needs a lullaby

So let me put my head on your shoulder  
Rock me in your arms while I cry  
This world can knock you down when you're not looking  
Everybody needs a lullaby  
Everybody needs a lullaby

## **I Think About You**

Sometimes I cannot sleep  
Troubles visit me  
Storm clouds in my head  
Toppling the sheep

I think about you, I think about you, I think about you and I smile

Sometimes the night dogs bark  
And I'm scared of the dark  
Every noise I hear  
Stops my beating heart

I think about you, I think about you, I think about you and I smile

I may not sleep  
I may not dream  
I might just toss eternally  
I lie right here  
And count my fears  
But one thing makes them disappear  
And, baby, you know what that is

Sometimes the night's so long  
Sometimes the dark's so strong  
I forget to breathe  
Think, where did I go wrong

Then I think about you, I think about you, I think about you and I smile  
I think about you and I smile  
I think about you and I smile

## **Moon River**

Moon river  
Wider than a mile  
I'm crossing you in style  
Someday  
You dream maker  
You heartbreaker  
Wherever you're going  
I'm going your way

Two drifters  
Off to see the world  
There's such a lot of world to see  
We're after the same rainbow's end  
Waiting 'round the bend  
My huckleberry friend  
Moon river  
And me

## **I'll Be Here**

When your sleepy eyes are fluttering like butterflies  
When you fight to stay awake but then you close your eyes  
When your breath becomes the rhythm of the starry night  
I'll be here  
I'll be here  
I'll be here

When you dream the dreams of fairy boats and fairy wings  
When you wish that you could fly or float upon those streams  
When you find that every wish of yours will not come true  
I'll be here  
I'll be here  
I'll be here

I'll be here loving you  
I'll be here to hold you tight  
I'll be here to comfort you  
And kiss goodnight

When you wake and find the world awaits your morning smile  
When you fall and find the world won't always hear you cry  
I know someday you'll have to fly away and when you do

I'll be here  
I'll be here  
I'll be here  
For you

## **Now the Day Is Over**

Now the day is over  
Night is drawing nigh  
Shadows of the evening  
Steal across the sky

Spirit give the weary  
Calm and sweet repose  
With thy tenderest blessing  
May our eyelids close

Grant to little children  
Visions bright of thee  
Guard the sailors tossing  
On the deep blue sea

Through the long night watches  
May thine angels spread  
Their white wings above me  
Watching 'round my bed

## **Lullaby for You**

Clocks are tickin' time  
I am not asleep  
Listen to the night  
And the steady beat

Rhythm of the rain  
Falling on the roof  
This is my lullaby for you

Here you are  
Here I am  
A shining star and the moon go hand in hand

When the storm has cleared  
Stars come out so bright  
Dripping off the leaves  
Jewels in the moonlight

Storms will come and go  
Like they always do  
This is my lullaby for you

Here you are  
Here I am  
A shining star and the moon go hand in hand

Twinkle, twinkle lucky star  
Still right beside the moon  
I wonder who you are  
To love me like you do

All these years you've shined  
Your light steady and true  
This is my lullaby for you  
This is my lullaby for you  
This is my lullaby for you

## **Stay Awake**

Stay awake  
Don't rest your head  
Don't lie down  
Upon your bed  
While the moon drifts in the sky  
Stay awake  
Don't close your eyes

Though the world  
Is fast asleep  
Though your pillow's  
Soft and deep  
You're not sleepy  
As you seem  
Stay awake  
Don't nod  
And dream
