FIELD TILE

Bantam Tileworks produces a unique palette of field tile. On the following pages you will see over 100 colors we have developed for your use. Each tile has been developed with multiple layers of color for an eye-catching sense of depth and texture.

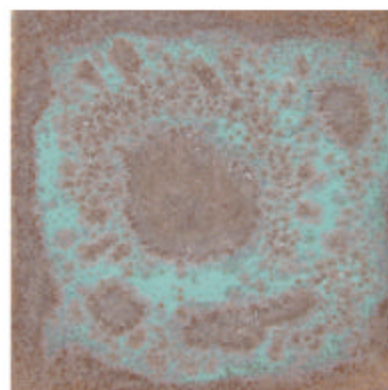

Made entirely by hand from stoneware clay, Bantam Tile is exceptionally strong and suitable for many applications. Whether it be for a kitchen backsplash or a bathroom floor, we can help you find exactly the right color and shape for any job.

Bantam tile is available in these 8 sizes. Custom sizes and shapes are also available for an additional fee.
