

Secto Design

4210

Northern lights. Crafted by hand in Finland, Secto Design Oy lamps are an elegant study in Scandinavian simplicity. Light radiates through slats of birch in architect Seppo Koho's designs, true to his credo that "light should softly invite people to come closer."

The Secto 4210 is the only floor lamp in the company's product line, featuring a powder-painted steel base and stem of adjustable height. Minimalist lines enhance both its beauty and versatility.
