PAIRING THE SPEAKER TO BLUETOOTH DEVICE

Make sure the Bluetooth function is enabled on your cell phone. Specific pairing procedures will be different depending on the cell phone. For detailed information, please refer to your cell phone’s User Guide.

1. No device connection is made within 10 minutes of the speaker being switched on, the speaker will automatically switch off to save power.
2. After a successful pairing, devices will remember each other. Therefore, no pairing will be needed next time.  
3. To establish Bluetooth device connection, press and hold the power button for 3 seconds. The tone prompt will sound and the LED light will flash blue. The unit will automatically enter pairing mode.
4. Activate the Bluetooth function of the mobile phone to search for the Bluetooth devices. After finishing the search, select “Tzumi - AquaBoostBoom” in the device list.
5. Your AquaBoostBoom Speaker is now ready for use.

CHARGING YOUR SPEAKER

The battery must be fully charged prior to use. It takes approximately 2 hours to fully charge your speaker (from depleted unit). Red light ON - unit charging. Light OFF - unit fully charged.

- Via AC Adapter: Using the provided Micro USB cable, connect your speaker (Micro USB port) to the AC Adapter (US plug).

- Via Computer: Using the provided Micro USB cable, connect your speaker (Micro USB port) to the computer (USB port).

SPEAKER CONTROLS

ON/OFF
Press and hold button for 3 seconds to turn the unit ON. Press and hold the button again to turn OFF. The unit will turn back on if inactive for 10 minutes.

VOLUME
During a call or when listening to music:
- Volume + Press and hold button.
- Volume - Press and hold button.

MUSIC
- The Music Function Control only works with Bluetooth devices that support the A2DP profile.

Go to next song: Press button.
Go to previous song: Press button.

PLAY/PAUSE/ANSWER/REFUSE THE CALL
Press button to answer the call, press it again to hang up. Press and hold button for 2 seconds to refuse the call. Double press button to call back the last number. To hang up the call press it again.

TO RESET UNIT
Press button 3 times to reset the Speaker to its original settings.

AUX MODE

Use the 3.5mm audio cable (included) to connect the speaker to an audio source (MP3/MP4, mobile phone, computer). A tone will sound. The speaker will play the music from the audio source.

IMPORTANT SAFEGUARDS
- Keep speaker away from any source of heat.
- Always adjust the speaker volume to a suitable level to avoid hearing damage to the ear.
- When using the speaker for a long period of time, keep the internal battery charged (charge once every 3 months). This will extend the life of the lithium battery.
