PAIRING TO BLUETOOTH DEVICE (CONTINUED):

1. Keep the distance between the cell phone and the headphones within 3 feet (for pairing only).
2. Turn on the Bluetooth headphones by pressing the multifunction button for 1 second, the announcement “Power ON” will sound and the blue light will begin to flash quickly.
3. Activate the Bluetooth function of the cell phone, to search for the Bluetooth devices.
4. Approximately after 2 seconds after “Power ON”, search for “Tzumi-Headphones”. The announcement “Pairing” will sound as blue and red lights will flash quickly. Next, select “Tzumi-Headphones” in the device list displayed.
5. Only for some electronic devices: Press “yes” or “enter” key to confirm the successful pairing.
6. After the successful connection, the blue light of the headphones will flash every 8 seconds.

CONNECTING TO OTHER BLUETOOTH DEVICES

- Note: Your headphones can only be connected to one Bluetooth device at a time.
- 1. In order to connect to the other Bluetooth device, you must first close the current Bluetooth connection.
- 2. Follow the above steps (under PAIRING TO BLUETOOTH DEVICE) to pair your earbuds to another Bluetooth device.

FAQ’s

Q: Why can’t I turn the headset on?
A: Make sure your device is fully charged before using it for the first time. Your device can not be turned on if battery level is very low. Refer to Charging the headphones section of the manual.

Q: There is no sound during playback.
A: Check the connection between your device with phone or computer. If the connection is not established, please reconnect again. And adjust the volume level to a suitable level.
