

SmartLens™

Universal Smartphone Clip-On
Camera Lens System Set of 3

Fish Eye 180°
Capture objects in a
unique, distorted way
for an artistic shot.

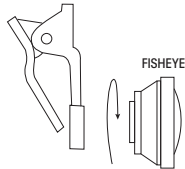

Wide Angle
Use for landscape shots
& sporting events.

Macro Lens
Use for highly detailed
close-up shots.

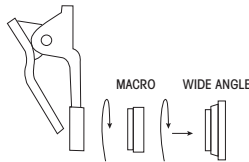

1. Select the lens that you
are going to use.
Refer to chart above.

2. Screw on the selected lens
onto clip holder. See Diagram
on right.

3. For Wide Angle shots,
screw the Macro lens
onto the Wide Angle lens.
See Diagram on right.

NOTE: the Macro Lens can
be used on its own for
close-up shots.

4. Attach clip so the lens opening
aligns with the camera lens of
your phone or tablet.
See Diagram on right.

5. Take off a protective lens
cap and take pictures!
