### LED LIGHTS

Press and hold button to turn ON the LED lights (from OFF state):
- Press button to set the LED mode.
- Press and hold button to turn OFF the LED lights. LED lights will turn off inactive for 10 seconds.

### AUX MODE

Use the 3.5mm audio cable (included) to connect the LED Speaker to any audio source (MP3/MP4, mobile phone, computer). A tone will sound and the color of the LED lights will slowly change. The speaker will play the music from the audio source.

### IMPORTANT SAFEGUARDS

- **Keep speaker away from any source of heat.**
- **Always adjust the speaker volume to a suitable level to avoid hearing damage or the damage to the unit.**
- **If not using the speaker for a long period of time, keep the internal battery charged (charge once every 3 months). This will extend the life of your lithium battery.**
- **If the battery is weak, replace it with a new one.**
- **The battery must be fully charged prior to use. It takes approximately 4.5 hours to fully charge your LED Speaker (from depleted unit).**
- **Redlight ON - unit charging. Light OFF - fully charged.**
