Please read the manual in its entirety before using the device.

PRODUCT SPECIFICATIONS

Battery Capacity	1350 mAh
Type	Lithium
Input/Output	5 V / 1A

CHARGING YOUR PHONE OR OTHER PORTABLE DEVICE

NOTE: For best performance, make sure that the Pocket Juice Charger is fully charged. Refer to opposite page for charging instructions.

1. Open the USB port for charging as shown on right. Use your finger to slide the USB cover up. When done charging, push the USB cover back down to its flat position.
2. Insert one end of the **original cable** that came with your device into the phone. Insert the other end into the Pocket Juice Charger.
3. Press the Power Button to begin charging. Charging time will depend on the type of device. Your device will display the charging progress.
4. When charging is complete, disconnect.

CHARGING YOUR POCKET JUICE CHARGER

NOTE: Your Pocket Juice Charger comes pre-charged. Depending on a few factors, some of the battery might have discharged during transit.

QUICK POWER TEST: Perform the test by pressing on the Power button. The Power Button/Indicator Light will illuminate accordingly (see charging chart on right). After 5 seconds, the LED light will turn off automatically.

A Via AC Adapter/Wall Charger: Using the provided Micro USB cable, connect your Power Bank (Micro USB port) to the AC Adapter (USB port).

B Via Computer: Using the provided Micro USB cable, connect your Power Bank (Micro USB port) to the computer/laptop (USB port).

CHARGING CHART

GREEN	Approx. 66-100% energy remaining
BLUE	Approx. 33-66% energy remaining
RED	less than 33% energy remaining

Note: The above percentages are approximate.

It takes approximately 3-4 hours to fully charge your Pocket Juice Charger (using wall charger). Once the charging is in progress, the Power Button/Indicator Light will illuminate accordingly (see charging chart above).

When the charging is complete, the Indicator Light will remain lit until you disconnect your Pocket Juice Charger from the power supply.

NOTE: Once fully charged, the Pocket Juice Charger is able to re-charge most smartphones 2 times depending on the battery capacity of the cell phone and the condition/age of the cell phone battery.

IMPORTANT SAFEGUARDS

- Do not use this unit for anything other than its intended use.
- Keep the unit away from heat source, direct sunlight, humidity, water or any other liquid.
- Do not expose the device to extremely high or low temperatures, as it may damage the battery.
