SINGLE EARBUD PAIRING

**LEFT EARBUD only**

1. When earbuds are power off, press and hold the multi-function button for 4 seconds until the blue light闪烁 quickly. Soon you may hear prompt “pairing.”
2. Activate the Bluetooth function on your device to search for Bluetooth devices. Look for “Tzumi PROBUDS” in device list displayed and select.
3. When successful connection is made, blue light will flash once every 7 seconds. Left earbud is now ready for use.

**RIGHT EARBUD only**

1. When earbuds are power off, press and hold the multi-function button for 4 seconds until the blue light is held for 10 seconds. Soon you may hear prompt “pairing.”
2. Activate the Bluetooth function on your device to search for Bluetooth devices. Look for “Tzumi PROBUDS” in device list displayed and select.
3. When successful connection is made, blue light will flash once every 7 seconds. Right earbud is now ready for use.

**To Power Off Earbuds (2 ways)**

Press and hold button on charging station to activate charging, place earbuds into charging case. Earbuds will turn off.

**CHARGING THE EARBUDS**

These earbuds have an internal rechargeable battery. The battery must be fully charged prior to use. Charging time is approximately 2 hours. Earbuds cannot be used while charging.

1. Place earbuds into charging station. (Please see the stickers on earbuds for instructions)
2. White lights around earbuds turn on when charging has begun. While light turns off when charging is complete.

**PAIRING TO A BLUETOOTH DEVICE**

Make sure the Bluetooth function is available on your electronic device. Specific pairing procedures may vary slightly depending on the device:

For detailed information, please refer to your device’s User Guide:

- Keep the distance between the device and the earbuds at least 10 feet.
- If the device is not within 10 feet of the earbuds, no device connection will be made.
- If the device is within 10 feet of the earbuds, but the connection is not successful, the earbuds will automatically switch to standby mode.

**PAIRING BOTH EARBUDS**

The two earbuds have been connected to each other by factory, you do not have to pair them again.

1. Choose left or right earbud to be your MASTER earbud. Follow the steps of SINGLE EARBUD PAIRING to connect it with your phone.
2. Turn on the other earbud, wait for a few seconds, two earbuds will be connected to each other automatically. The blue light will flash once every 7 seconds. Both earbuds are now ready for use.
3. If you want to change MASTER earbud, please follow above steps again.
4. After successful pairing, devices will remember each other.
   Therefore, no pairing is needed next time. Both earbuds will be automatically connected and paired to Bluetooth device.

**CHARGING THE EARBUDS**

1. Connect back to the MASTER earbud. Follow the steps of SINGLE EARBUD PAIRING to connect it with your phone.
2. Turn on the other earbud. Quickly press both earbuds on the multi-function button 3 times to enter earbuds pairing mode. Wait for two earbuds connecting for a few seconds. The blue light will flash once every 7 seconds. Both earbuds are now ready for use.

**CONNECTING TO OTHER BLUETOOTH DEVICES**

NOTE: The earbuds can only be connected to one Bluetooth device at a time.

1. In order to connect to another Bluetooth device, you must first disconnect the currently connected Bluetooth device.
2. After disconnecting, follow the steps of Bluetooth Device pairing to pair your earbuds to the new Bluetooth device.

**FAQ / TROUBLESHOOTING**

**Q:** Why does printing not work?

**A:** If printing does not work, press power off of the earbuds and follow pairing steps AGAIN.

**Q:** Why do earbuds not turn on?

**A:** Make sure the earbuds are fully charged before using. If for the first time, the earbuds will turn on if battery level is very low.

**Q:** There is a shutdown warning.

**A:** Check电池 connection between the earbuds and the device. If connection is not established, please reconnect again and adjust volume level as needed.
