

FOUNTAIN PIMENTO OIL

Fountain Pimento Oil is a blend of healing plants of Jamaica which have been fermented over time to produce this potent blend. Untainted by pesticides, hormones or other unnatural growth or preservation treatments. Each ingredient possesses its own specific remedial benefits, that in turn alleviate an array of ailments and painful conditions. Many of the pharmaceuticals and toiletries that we use on a daily basis derive from some of the ingredients found in Fountain™ Pimento Oil.

FOUNTAIN PIMENTO OIL CONTAINS PIMENTO OIL, PEPPERMINT, LEMONGRASS, NUTMEG AND JAMAICAN BLACK CASTOR OIL

Pimento Oil or allspice is a natural anesthetic, (numbs pain) relieves sore muscles and relaxes joint stiffness, as an antioxidant, pimento also draws excess fluid from the knee, ankles and areas where swelling is noted. Added to a hot bath, it promotes relaxation, moisturizing & stimulant benefits.

Peppermint - Cools skin irritations, provides pain relief, relaxes muscle spasms and induces firm muscles, relieves nerve pains, stimulates areas of numbness and is an excellent skin toner (lifts saggingness).

Lemon Grass - A natural diuretic, lemongrass draws excess fluid from the knees, ankles, and most areas where bruising and swelling is evident. A known fever reducer, as a part of the Fountain oil preparation, it also acts as a deodorant, strengthens nerves, and tones up the whole body.

Nutmeg - Essentially used in the Caribbean to treat arthritis & rheumatism type symptoms, nutmeg also clears the bowel if massaged into the stomach area, combats dry skin conditions and is an excellent massage and healing oil. Relieves back, foot, knee pain and is known to enhance the libido.

Jamaican Black Castor Oil - In addition to providing nourishment and moisture to the skin, castor oil also stimulates the scalp and rejuvenates hair follicles .

This wonderful healing blend can be used to relieve rheumatic and arthritic symptoms, sports injuries, sore muscles, stiff joints etc. Pimento Oil smoothes, tones and moisturizes the skin, as it draws out excess fluid and impurities (detoxifies). This is the ultimate in luxurious aromatherapy and massage oils.

Use a few drops in a relaxing bath or rub onto painful areas even during your period. This can even be beneficial when rubbed into receding edges of the hair.

FOUNTAIN JAMAICAN BLACK CASTOR OIL HAIR FOOD

Fountain Jamaican Black Castor Oil Hair Food has been blended with grapeseed & jojoba oils which are both high in nutrient content. These in no way compromise the effectiveness of full strength Jamaican black castor oil. It has also been infused with peppermint leaves

This revolutionary blend of both menthol and Jamaican black castor oil will nourish the scalp and eliminate the bacteria and fungal infections that can cause dandruff, ringworms, psoriasis and other bacteria that stunt hair growth. This unique combination gives a cooling effect to the scalp, binds the hair roots & increases blood circulation. The resulting stimulation of your hair follicles culminates in a renewed and reinvigorated hair growth cycle. Cool and refreshing peppermint acts as a regulator and is the reason your scalp will be so vibrant!

HOW TO USE FOUNTAIN JAMAICAN BLACK CASTOR OIL LIQUID HAIR FOOD

- Use Jamaican Black Castor Oil as a pre shampoo treatment.
- Use daily to encourage growth. Apply small amounts of Jamaican Black Castor Oil daily to your hair roots and scalp. Then massage the oil into your scalp using your fingertips. You can leave the oil on your scalp overnight.
- Once per week use Jamaican Black Castor Oil as a Hot Oil Treatment (weekends).
 - ✓After applying Jamaican Black Castor Oil to your scalp and hair, cover your hair with a plastic cap and go under the Dryer for 15 to 30 minutes.
 - ✓Shampoo & Condition then style as normal
- Add it to your deep conditioner as a moisturising agent.
- Sealing in moisture on the ends, prevents the moisture leaving the hair easily after it has been applied.
 - ✓Moisturise the hair as usual.
 - ✓Rub a small amount of Jamaican Black Castor Oil into your hand and spread into your hair.
 - ✓Fountain JBCO is wonderful as a leave in as it has a refreshing odor.
