State High School

Key Strengths

- *5 and a half years diversified experience in the construction industry.*
- *Current Blue Card and Asbestos Removal Ticket holder*
- *Workplace Health and Safety trained with a demonstrated track record.*
- *A personable and approachable nature with a high regard for the value of team work.*
- *Exceptional work ethic and an ability and willingness to learn and embrace new challenges.*

Qualified. Driven. Professional

Career Profile

Tunnel Labourer/ Carpenter

March 2009 - Present

Organisation

Location

This position relies on my ability to work within a team to complete required and scheduled tasks in order to keep the overall tunnel project on track. My individual duties include:

- Working on the bullgang with experience in many different areas including, ventilation and various plumbing, pumps etc.
- Various carpentry jobs, building of walls, doors and other fixturing.
- Ensuring compliance in line with tunnel safety and working with or around heavy machinery
- Experience working on TBM (tunnel boring machine)

Carpenter

January 2005 - March 2009

Organisation

Location

This position applied my apprenticeship knowledge and practice within an organisation who completed projects from the ground up. This has given me extensive, varied and invaluable experience in working on projects and completing duties such as:

- Working on Residential Building, Houses, extensions, renovations and restorations.
- Working on Commercial Buildings such as hospitals, sheds, aged care facilities and other businesses
- Concreting through slab preparation for footings, stairs and various other applications.
- Asbestos removal from older buildings (ticket holder)

Sales Associate

December 2003 - January 2005

Organisation

Location

This position relied on my excellent interpersonal skills to provide sales support to tradesman, the general public and fellow team members within a hardware based retail environment.. My primary focuses included:

- Exceeding expectations through excellent customer service provision and support.
- Inventory maintenance through ordering, receiving, despatch, storage, display and presentation.
- General shop keeping duties including maintenance and cleaning.

Apprentice Carpenter

January 2001 - December 2003

Organisation

Location

This position laid the foundation for my career in carpentry and construction. I completed my apprenticeship, gaining experience in:

- Completing projects in residential housing in housing, framing, fit outs etc.
- Housing renovations, demolishing waste removal, painting and other types of building.

Name

Certificate of Completion

- PASTE PICTURE OR LIST

Personal Interests

- Avid sports fan, in particular Rugby League
- My field of expertise in construction and various building types
- Fishing and the outdoors
- Reading books and magazines

'I consider myself a very hard worker and can easily adapt to a new environment and with new people. I am a team player and whether it is professionally or personally, I try to be the best I can at what I'm doing. I find new challenges exciting and have a great ability to learn new skills very quickly.'
