WILDERNESS COURSE

TRAUMA CARE

TRAINING TO SAVE LIVES

WHEN TRAGEDY STRIKES and you can't call 911, will you have the basic life saving skills necessary to survive in a difficult and remote environment, where the life you save may be your own? Let us train you and improve your survivability in the field. Our instructor cadre is drawn exclusively from the ranks of the U.S. military Special Operations Medic Community.

This course is designed specifically for Hunters and other outdoor enthusiasts.
