# ASSEMBLY INSTRUCTIONS

**1. Your ID Scanner Tray** comes pre-attached to the ID Scanner Accessory Panel as shown at left. The ID Scanner Accessory panel has a wide angle camera lens prefitted that enables the iPad's rear camera to focus on items in the ID Scanner Tray.

**2. Attach the ID Scanner** to the rear shell of your head unit using the three included screws and L key.

**3. Once attached** you can position your head unit in landscape or portrait orientation.

### **Cleaning and caring for your lilitab.**

To keep your lilitab looking and working great we recommend using a lint-free cloth to gently wipe it down.

To remove and prevent fingerprints we recommend Brillianize.

DO NOT use window cleaner, ammonia-based cleaners or any type of scouring or abrasive cleaner.
