

# Floc-Off™

Flocculant Absorbant/Deactivator

## Question:

Do your hands or tools ever look like this when working with polymers or flocculants?

## Answer:

### Floc-Off™

As its name implies, **Floc-Off™** easily removes those hard to remove flocculants and polymers. No more harsh chemicals or multiple washings.

## ***Floc-Off™ ...Combining Superior Absorbability with Green Technology***

Combine Floc-Off™ absorbant/deactivator with engineered green technology and you have one powerful product for polymer/flocculant clean-up.

Floc-Off™ provides significantly better flocculant absorption than any other traditional clean-up method. Pour Floc-Off™ onto your hands or spill and work in until the flocculant is absorbed.

Go ahead, wash Floc-Off™ right down the sink or the drain  
— it is a non-detergent, non-hazardous product.

Used for the Absorption/Deactivation of spilled flocculants. (Anionic, Cationic and Nonionic)

- Hands
- Tools
- Clothing
- Spills
