

GLASS INFUSER

Perfect for steeping any tea type

1 Add the specified amount of tea into the infusion basket.

2 Heat water to the specified temperature.

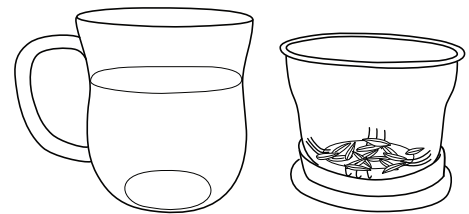

3 Pour hot water down the edge of the infuser basket and fill the cup to the top.

4 Cover the infuser with the lid and steep for the specified amount of time.

5 When ready, remove the lid and lift the infuser basket. Allow the tea to drain completely.

6 Flip the lid upside down and use it as a coaster for your infuser basket.

ENJOY!
