Fresh Find! Cool Pet Beds

When L.A.-based designer Sabina Vavra (at right in photo above) couldn't find a chic, affordable bed for her pup, Star, she called on designer friend Chelsea Hernandez (left in photo). The two decided to take matters into their own hands. The result? Fleabag Beds—washable, locally made, poly-filled pet beds that are not only durable but graphic, modern and *très jolie*. Available in five sizes, \$68-\$148, fleabagbed.com.
