Paradisus

Paradisus, a Hawai'i based silver jewelry company, is now entering their fourth year in business. Their first series of designs was the classic, natural beauty of tropical leaves and flowers which becomes ever more elegant when captured in striking silver and through eye-catching designs. Using the ancient technique of repoussé, master artisans reproduce the exceptional elegance of Paradisus designs in 925 silver. The second series consists of their Asian influenced pieces including **The Dragonfly Link Bracelet**, made of silver and black horn tile.
