

# ANALOGUE

## Analogue NEO

The Analogue NEO is an all-in-one NEOGEO Arcade System. It is handcrafted in the USA from any domestic or exotic hardwood of your choosing.

We designed the Analogue NEO to have all of the original features of an SNK Big Red MVS cabinet, including the ability to use the original, physical memory card. The Analogue NEO is compatible with modern HDTVs and old school CRTs and PVMs.

From the memory card, Seimitsu buttons and joystick, to the original SNK MV1C motherboard - the Analogue NEO is the ultimate all-in-one portable arcade system.
