NEWSLETTER #26, 21/10/2013

1) Hawk Wargames Heads to Spiel and Crisis!

Hawk Wargames will be at Spiel and Crisis in the upcoming weeks - we hope to see you there! We will have our full range on show, along with a few unseen items...

Hawk Wargames will be giving away a limited number of Exclusive Pre-Release Resistance Miniatures with a Special Scenario with every 2 Player Starter Set sold at Spiel and Crisis, but only whilst stocks last!

2) New Products Announced!

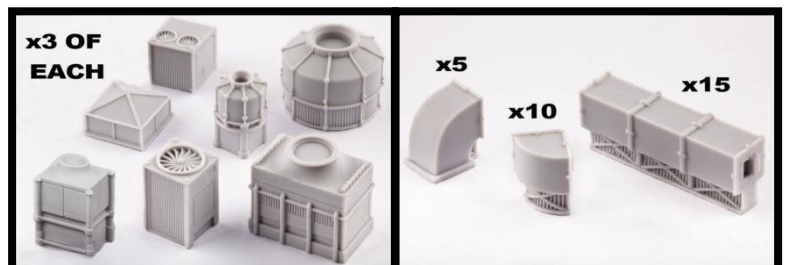

As a sequel to our extremely popular Cityscape box set, we are excited to announce the new **Ruinscape** Card Scenery Pack!

Ruinscape is a customisable 6' x 4' battlefield in a box. It is a vividly detailed, distressed version of Cityscape, allowing you to build an abandoned city to do battle! It contains 20 Card buildings (pre-cut, pre-folded, with 20 different designs on thick card stock) and 24 Card double sided ground tiles.

[Ruinscape is available to pre-order now!](#)

In tandem with this announcement, we will also be releasing a combined **Aircon Units and Aircon Ducts pack**. This 51 resin piece blister pack will allow for simple modification to card or resin buildings, to add that little extra detail. These finely detailed accent parts make a great addition to any Cityscape or Ruinscape card building pack. Watch out for this product in stores at the end of November!

Also, the new Acrylic Template set is now available to purchase either [online here](#), or from your local gaming store.

3) Dropzone Commander Tournament & Open Day

We have now entered the planning stage for our next official Dropzone Commander Tournament and Open Day on the weekend of the 1st and 2nd February and we're looking for your input! [Head over to our forum](#) now to cast your vote on whether you'd prefer a one day or two day tournament – popular opinion will hold sway!

We look forward to seeing you at Spiel and Crisis! In the meantime, be sure to check out the videos on [our YouTube channel](#) and [our forum](#) for the latest of information from the DZC gaming community!
