Discover sensational bathing

Combining hydro-massage with sensory experiences, our latest innovation, the **Reval** Spa range is designed to benefit those with disabilities and mental and behavioural disorders, as well as those who are visually, hearing and speech impaired. The ultimate in bathing technology, cleanliness and safety our **Reval** HydroSpa, **Reval** ColourSpa, **Reval** AromaSpa and **Reval** AudioSpa systems take relaxation to a whole new level.

Depending on which bath or pool you have chosen, you may modify it using some or all of our **Reval** Spa Options.

## Spa option HydroSpa 1

Our **Reval** HydroSpa option combines the therapeutic effects of bathing with a relaxing underwater muscle massage. Our bubbling baths come complete with air heaters, which maintain constant temperatures and keep patients warm, while diffusers located along the floor of the bath massage the patient and can be controlled for preference.

## Spa option AromaSpa 2

The **Reval** AromaSpa option uses the beneficial effects of essential oils for an aromatic bathing experience. Creating an atmosphere of serenity and relaxation, or stimulation and invigoration, the whirlpool's air streams infuse different essential oils, which have beneficial psychological effects and keep interior spaces freshly scented and hygienic.

When used as therapy, coloured lights are known to have positive psychological and physiological effects and can help maintain and restore health. Our **Reval** ColourSpa option has large integrated lights, which illuminate and colour the water, producing warm light and a soothing or stimulating ambience to mentally and emotionally engage the patient.

AudioSpa **4**

Our latest innovation is our **Reval** AudioSpa, which combines our state of the art hydro with the unique benefits of music. From high-low tones and vibrations, to wide ranging frequencies, sound has been proven to be highly beneficial as a treatment. Using music as a stimulus can result in deeper sleep, better balance and improved vitality.
