Ruby Presenter

For Teachers

Control your slide-show while you lecture in the classroom. With dedicated slide control keys, mouse controls and a red laser pointer, Ruby is simple to use and easy to set up. Just plug in the USB receiver and go.

For Executives

Go mobile with the Ruby Presenter – a remote control for business presentations on the road. With its dockable USB receiver and carrying pouch, Ruby is ready to go where you go, controlling your presentation from up to 75 feet away.

Present With Confidence

With Ruby Presenter's soft-touch case nestled comfortably in your hand, give presentations with confidence, poise and style. With its exceptional range and reliability, Ruby gives you the tools you need to interact with and engage your audience.
