

Join us in La Jolla, CA for an unparalleled experience to create your very own fragrance in our Perfume Lab.

From beginners to the more experienced mixers, everyone will enjoy the opportunity to make something unique. Our perfume creation experiences range from a quick guiding session to a more fulfilling experience where you leave with a better understanding of the history of perfume, the art of perfume production and are then assisted with making your own signature scent.

All options provide guidance from our experts and allow participants to choose from over 300 oils to design a fragrance.
