

Material Matters.
Sweet dreams are made with...

Organic Cotton

We use organic cotton for the same reason we eat organic food. Why expose ourselves to potentially harmful chemicals when it's unnecessary? It's pure and natural. Aaaaaaah.

Pure & Organic Wool

When you sleep, your body rejuvenates by perspiring. (Ok, some of you sweat.)

It's your body's natural way of detoxifying. Our blend of natural and organic wool wicks away the body's moisture keeping you dry throughout the night, allowing your body to breathe in a clean, restorative environment.

How refreshing?

Recycled Steel

Just like fashion, (leggings, crimped hair, bell bottoms) our materials always make a comeback—ensuring we won't deplete the world of its natural resources.

THE ARCHETYPE TIGHT TOP

Willis J. Southard eschewed mass produced, machine-made mattresses. We embrace WJ's philosophies today of hand crafting mattresses. And, it's also inspiration for our hand tufted innerspring mattress made with organic cotton and a blend of organic and pure wool. No bells and whistles here. Because last we checked, who could get any quality sleep with bells and whistles?

Style

- Hand-tufted, two-sided mattress.

Feel

- Available in firm.

Materials

- 460 offset coil innerspring unit.
- 65 oz per yd² cotton batting made with organic cotton.
- 20 oz per yd² wool batting made with a blend of organic and pure wool.
- 10 oz per yd² fabric made with organic cotton.

Height

- Approximately 8"

Warranty

- 25 year prorated, limited warranty.

Dimensions*

Twin – 38" x 75"

Full – 53" x 75"

Queen – 60" x 80"

King – 76" x 80"

Custom sizes are available on a limited basis, but additional charges will apply. Please allow 8 to 12 weeks.

*Please note that because all mattresses are made by hand, the dimensions may vary by up to an inch. (Nobody is perfect. Not even us though we think we are.) Don't worry. In our nearly one hundred years of existence, it hasn't affected how the mattress fits into the frame of the bed.
