

Chocolate Cake

1 package Devils Food cake mix
1 package (3.9oz) instant
chocolate pudding mix
2 cups sour cream

1 cup butter
5 eggs
1 teaspoon vanilla extract
2 cups semisweet chocolate chips

1. Combine all ingredients, adding the chocolate chips last after every thing else is mixed together.
2. Bake at 350° in a 10 inch bundt pan for 60-70 minutes. Let cool for 10 minutes and then sprinkle with powder sugar (Use a sifter so the powder sugar goes on more evenly).
3. Enjoy! If you don't eat it all, you can freeze individual slices. It freezes amazingly well.
