CHILL

After just two hours in the freezer, your CHILL is ready to do the hard work for you. Just pour the first glass, insert the cooling rod & relax as your guests enjoy effortlessly chilled wine.

POUR

Keep the party going with our built-in, drip-free pour spout. The CHILL lets you cool while you pour.

PRESERVE

The CHILL's integrated, leak-proof stopper keeps your half-full bottle fresh while your cooling rod recharges in the freezer. Sit back, relax & let the CHILL do it all.
