

# UNDERSTANDING THE **SOLEUS DASH** (SR018/SR019) BATTERY METER

BATTERY REPLACEMENT GUIDE	
Dash Lrg SR018	Dash Sml SR019
	

Your Soleus Dash watch has an estimated 2-year battery life. There is a battery meter on the display to help you manage when it is time to change your battery.

It is always recommended that you send your Soleus watch to the authorized service center for battery replacement. This will ensure that your watch is handled to manufacturing specifications and won't void your warranty.
