Case Study: April Massage Feature!

Recently, we were approached by a local massage therapist who was desperately looking for a solution to the extreme cracking (see below) on the thoracic area of her massage table. This is a very common sight for us at Nuvaply, as the thoracic area of treatment tables constantly undergoes significant daily wear.

Luckily, with all this Spreading-the-Nu's on Table Tear-Care, our troubled RMT was able to find an attractive and cost-effective solution to her "dirty little secret"!

Dr. Jeff's Table Tips

Nuvaply is an effective repair tool for many different types of equipment. Keep a package on hand to repair ripped in treatment table upholstery, rehab furniture, exercise equipment, and even leather and vinyl vehicle upholstery!

Have a worn out thoracic piece, or tears in your vinyl equipment? Please visit our website to purchase Nuvaply: www.nuvaply.com or contact us directly at sales@nuvaply.com

After all that hard work making certain not to deliver any cracked Easter Eggs, what better way for the Easter bunny to unwind than enjoy a nice "cracking" himself! Happy Easter – from your friends at Nuvaply.
