**Dr. Jeff's Table Tips**

## Better Than The Rest

Rips happen. In the past there have only been two possible (and undesirable) ways to tackle this problem: Use duct tape or Hire an upholsterer.

Two ways, that is, until Nuvaply entered the market...

	Nuvaply Tear-Care	Duct Tape	Reupholstery
Cost	< \$40	< \$15	\$200 - \$300+
Convenience	Yes - Peel and Stick	Yes	No - Out of Office
Durability	Yes - Months, Years	No - Falls Off	Yes
Appearance	Professional	Unprofessional	Professional

## Nuvaply Patches ... How well do they stick?!?

At Nuvaply, we are often asked how well our patches stick to vinyl and how long patches stay in place. In order to give you a real world example, we used Nuvaply in one of the most extreme environments we could think of: a torn workout bench in a busy University weight room.

Six months later, how well did Nuvaply perform? See below.

**Higher profits are possible through two general strategies: increasing revenue or reducing overhead. Look for areas where you spend more than you should, or for new revenue opportunities to make this Spring a lucrative one.**
