DAL ERGOSELECT RANGE

Ergonomic seating at its best!

DAL are very proud to introduce the ErgoSelect range, a superior range of ergonomic office chairs. Extensive testing, research and trials have led to the development of the ErgoSelect range, designed with the health and well being of the user in mind.

One of the unique features of ErgoSelect is the availability of ergonomic choices and customised options which allow the user to style a chair to their own personal seating requirements and enjoy an enhanced seating experience.

ErgoSelect chairs are fully upgradeable, with a selection of interchangeable component options.

Customised component options include...

- 4 x back options
- 2 x fully adjustable arm options, or no arms if you prefer
- 3 x seat size options
- 2 x seat mechanism options
- Sliding seat mechanism
- 2 x gas lift size options
- 2 x star base options
- 2 x castor type options

ErgoSelect component options have been carefully selected to provide an outstanding level of comfort and adjustability in ergonomic seating.

Selected chairs within in the ErgoSelect range have been carefully chosen to achieve AFRDI level 6 accreditation for severe commercial use. The majority of components in all ErgoSelect chairs are however AFRDI level 6 certified and conform to AS/NZS4438-1997 ensuring you are purchasing a quality product designed to last.

Spark High Back, Ergo Seat, Arms, 3 Lever with Seat Slider

Ergonomic opinions vary,
and so do all the chairs in
DAL's ErgoSelect range.
You can easily adjust the chair to
suit your working style!

SIT RECLINED

This provides great back support, and it's a good idea to use a footrest when sitting reclined.

SIT UP STRAIGHT

This is in all the Ergonomic books - knees, hips, elbows all at 90 degrees or just over. You will need to use all the chair adjustments to set this up correctly.

SIT FORWARD

A very natural and comfortable position. For those of us that have found ourselves sitting on the front edge of our seats, with our knees low, just so we can stretch our back.

DAL
ErgoSelect
chairs...
for multiple
applications

- Suitable for heavy duty seating applications in excess of 8 hours a day
- An indicative maximum user weight of 140kg the DAL ErgoSelect chair range will cater to a wide range of users

Spark High Back, 3 Lever, No arms

Why is the DAL Spark Chair a top seller?

The DAL Spark chair's exceptionally comfortable seat and supportive high back more than matches its modern good looks. The heavy duty 3-Lever mechanism, back height and lumbar adjustment promotes an ergonomically correct seating position with ease.

- Generous and super comfortable seat
- Ratchet height adjustable back/lumbar
- Optional depth adjustable seat slide
- Available with height and width adjustable arms
- 3 Lever Multifunction seat mechanism - independently adjustable seat and back tilt - free floating or lockable.

Quality you can rely on...

WHAT MAKES UP THE DAL SPARK CHAIR?

- The DAL Spark chair is approved to AFRDI level 6 and includes the certified components as listed below:
 - + AFRDI certified high density polyurethane moulded foam
 - + AFRDI certified D1 nylon base
 - + AFRDI certified 130 x 48mm gas lift
 - + AFRDI certified 60mm twin wheel castors
 - + AFRDI certified polished aluminium base

Why you should choose a DAL Chair from the ErgoSelect Range

ADJUSTABLE BACKREST ANGLE

- Lock in position or leave free floating for maximum comfort and support

RATCHET HEIGHT ADJUSTABLE BACK REST/ LUMBAR SUPPORT

- Adjust click by click to one of 6 preferred positions
- Adjustment range (80mm)

PUMP UP LUMBAR ADJUSTMENT

- For optimum lumbar and back support

HEAVY DUTY MULTI-FUNCTION MECHANISM

- 3mm plate steel construction
- Optional seat slide adjustment (50mm)
- Optimum ergonomic seat and back adjustability with a wide adjustment range to suit all users

QUALITY CONSTRUCTION

- The chairs in the DAL ErgoSelect range are manufactured in an ISO9001 and ISO14001 accredited factory ensuring each and every component process is thoroughly tested and guaranteed for quality and reliability.
- The 10 YEAR Guarantee* is your assurance that the chairs in the DAL ErgoSelect range are made to the highest standards of quality, ergonomics, comfort and durability.

10 YEAR
GUARANTEE

*Conditions apply see p10

HEIGHT AND WIDTH ADJUSTABLE ARMS

- Quick and easy to adjust to preferred arm height
- Standard arm width adjustment range (20mm)

SPECIFY YOUR BASE

- Heavy duty black nylon base
- Heavy duty polished aluminium base

ADJUSTABLE SEAT HEIGHT

- Lever controlled gas lift raises or lowers the seat to comfortably suit your leg length
- Various seat height options available

ADJUSTABLE SEAT TILT

- Lock in position or leave free floating to achieve optimal pelvic angle and blood flow
- Adjustment range from horizontal: -5° to 6°

Choose BACK

There are 4 back options available; the “Spark” upholstered back with lumbar pump in either high or mid size back, or the “Swift” mesh back with high back including lumbar adjustment or mid size back without lumbar adjustment.

Choose SEAT

The 3 seat options you can select from are the standard “Ergo Seat” with a shaped seat pan, the “Square Seat” a smaller shaped seat pan and the “XL Seat” which is a deeper version of the Ergo Seat.

Choose ARMS

Should you decide to have arms on your ErgoSelect chair there are 2 options available, the standard adjustable arms with height and width adjustment, or the 2D arms with the additional horizontal sliding arm pad.

Choose MECH

The 3-lever multi-function mechanism, featuring independent back angle adjustment and seat/back pitch adjustment. The 4-lever multi-functional mechanism has additional features of forward tilt seat adjustment and a tilt tension adjustment control.

Choose SEAT SLIDE

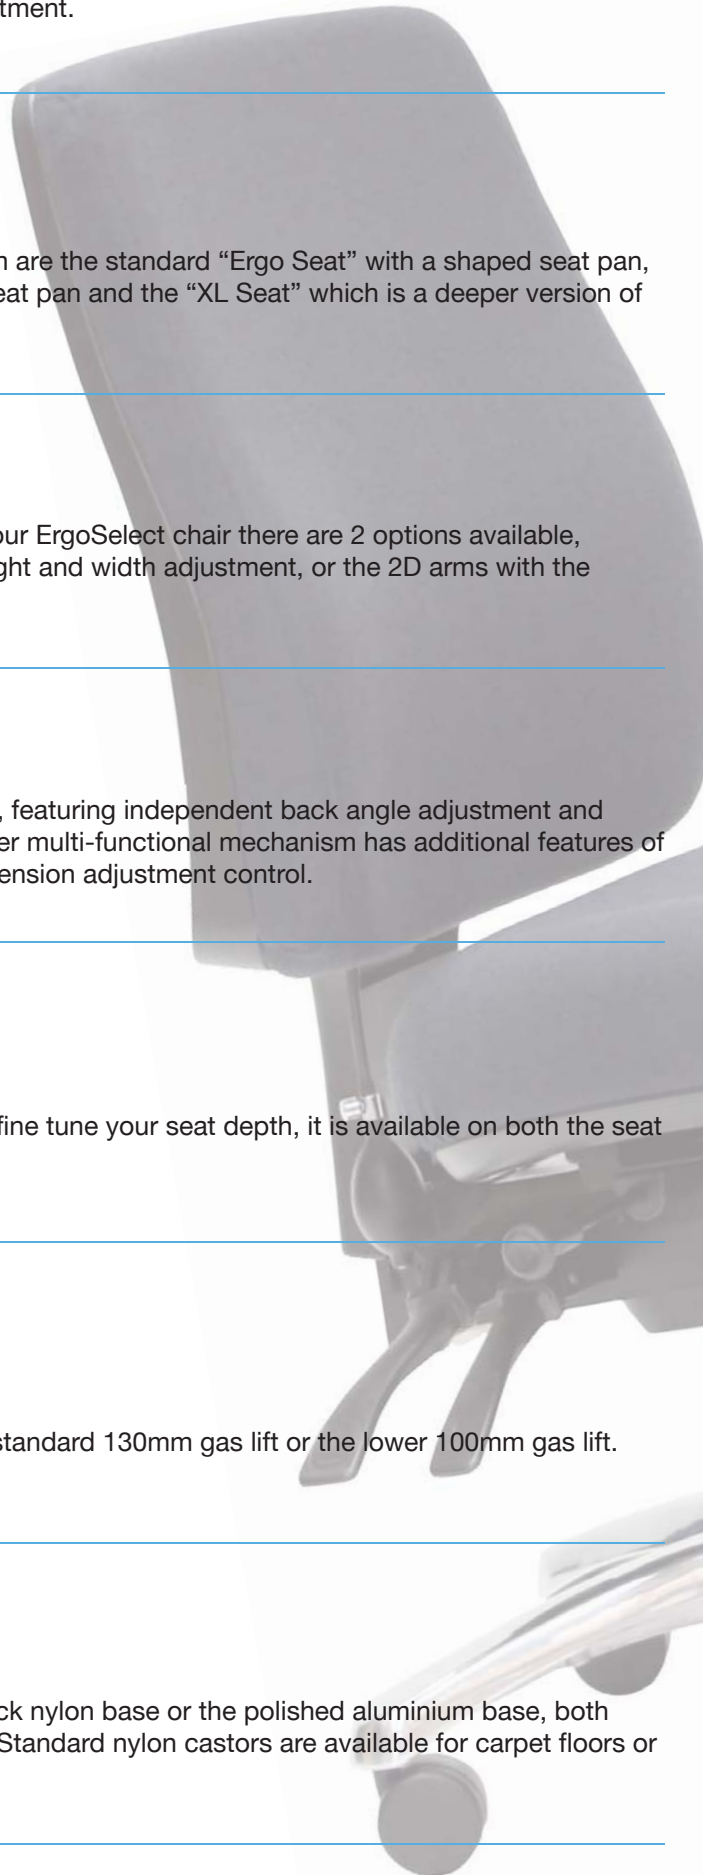

Should you require a “sliding seat” to fine tune your seat depth, it is available on both the seat mechanism options.

Choose GAS LIFT

Two gas lift heights are available, the standard 130mm gas lift or the lower 100mm gas lift.

Choose BASE

You have the choice of a standard black nylon base or the polished aluminium base, both come with 60mm twin wheel castors. Standard nylon castors are available for carpet floors or soft tyre castors for hard floors.

A substantial 10 YEAR Guarantee on the entire ErgoSelect range provides you with the assurance of a quality seating product which is built to last and perform day in and day out.

DAL ErgoSelect chairs are only available through selected specialist outlets.

Certifications

DAL ErgoSelect range

10 YEAR
GUARANTEE

Spark Mid Back, Ergo Seat, Arms, 3 Lever with Seat Slider

Selected ErgoSelect Chairs are AFRDI Level 6 certified and GreenTag^{CERT™} certified. Please view our website www.dalseating.com.au for more information.

*10 YEAR Guarantee – our commitment to the quality of the ErgoSelect chairs is backed up by our industry leading *10 YEAR Guarantee.

If you have a guarantee concern with your ErgoSelect chair the guarantee process is simple; return it to your place of purchase, and your guarantee claim will be handled quickly and efficiently and returned to you.

If you have a concern with your chair, please contact your dealer to get a guarantee authorisation first; this will speed up the process when you bring the chair in, especially if we need to get any parts in for you.

*Guarantee fine print:

- DAL will cover faulty workmanship and materials for 10 years from the date of manufacture; the guarantee does not cover fair wear and tear, or the chair upholstery.
- The DAL guarantee is a “back to base” guarantee. You need to return the chair to the place of purchase, and any faulty parts will be replaced free of charge.
- Should you require your chair repaired on site you will be subject to a service charge, you can call your place of purchase for an estimate of the cost to complete repairs on site.
- NB: This guarantee does not cover freight costs, or on site labour costs. Labour costs are covered if the chair is returned to the place of purchase.
