

# The Goldtouch Go!

## TRAVEL KEYBOARD and NOTEBOOK STAND

### Portable Comfort Everywhere You Work!

Imagine having the convenience of a desktop setup, and the comfort of individualized fit, anywhere you go. That's the luxury provided by the Goldtouch Go! Travel Keyboard and Notebook Stand. Weighing in at 1 lb. a piece, these lightweight travel companions are easy to use, Plug and Play accessories that make working on your computer feel like typing paradise.

### The Go! Travel Notebook Stand is a perfect accessory for your mobile lifestyle!

The Goldtouch Go! Notebook Stand helps bring your laptop up to eye level and allows you to create an instant office on the road. The Notebook Stand helps reduce tension in the back and neck, by elevating the notebook monitor, and takes advantage of limited space environments to give you a real office setup wherever your travels take you.

#### Key Features:

- The Go! Notebook Stand collapses compactly for flat storage in its own neoprene cover (which can double as a mouse pad when you're working)
- The Go! Stand offers six different height adjustments for notebook users of all heights.
- The Go! Stand weighs less than 1 lb., and can accommodate notebooks up to 17"

### The Goldtouch Go! Adjustable Keyboard provides a superior typing experience in a thin, lightweight form-factor.

The keys on the Go! Keyboard are what set us apart. The Goldtouch Go! Keyboard gives users a similar key feel and travel distance that's typically only found on a standard keyboard. Combined with our signature adjustability (to straighten your wrists and find your natural comfort typing position), and our soft key touch to ensure you never "bottom out" while typing... We're positive this is one travel keyboard you'll want to make room for!

#### Key Features:

- Go! Keyboard Signature Adjustability: 0-30° adjustment on the horizontal plane (wrist splay) to straighten your wrists, combined with 0-30° adjustment on the vertical plane to reduce wrist and arm tension.
- Protective Removable Covers: Allows for convenient storage. (The covers also allow you to place the keyboard directly onto your laptop in confined areas).
- The Go! Keyboards compact size allows for use in limited space environments, and weighs 1 lb for easy portability.
