

HÅG Futu®

Elegant & intelligent.

HÅG Futu provides the best of two worlds; an advanced interior based on HÅG's new inBalance® technology, and an exciting, streamlined exterior that gives flexibility when used in different rooms and for different applications. With its clean, continuous lines HÅG Futu is more a piece of furniture than a technical aid. It is designed to be in harmony with its surroundings.

Even though HÅG Futu is a fully functional task chair, it nevertheless lacks long dominating levers and unattractive dials that disturb the visual expression. It is simple, easy to use and just as well suited to large office landscapes as to individual offices.

FutuKnit™ - 3D shape-knitted fabric, especially designed for HÅG Futu

- FutuKnit's good elastic properties naturally adapt to the shape of the user's back, weight and movements
- Eight attractive colours: black, grey, blue, burgundy, red, green, sand and off-white
- Optionally, black or grey FutuKnit on backrest combined with seat fabric colours from the HÅG Total Colour collection

Environmentally-friendly

- Only 9 materials
- ISO 14025 EPD
- GREENGUARD certificate – ensures the chair is free of hazardous emissions
- Green electricity certificates

HÅG's quality system is approved according to NS-ISO 9001. We were the first office chair manufacturer to become ISO 14001 certified, EMAS registered and to receive ISO 14025-based environmental declarations for our chairs. HÅG office chairs are tested in accordance to EN 1335 Class A. For more detailed information please contact your HÅG dealer or visit our web: www.hag-global.com
