TOWEL & SPORTS
A WinCraft Company™

LOCKER ROOM COLLECTION

THE PRO'S CHOICE!

In 1885, our family business began manufacturing athletic towels for schools, health clubs and military institutions. Now with over 128 years of tradition, McArthur is a leader in the towel industry, and we work hard to bring our customers great products and services. In 2010 McArthur was acquired by WinCraft, a 52 year old Minnesota based company, that manufactures over 40 product families in America.

The McArthur product line includes an extensive towel selection that is available blank or can be customized with your own design. We have a large inventory and in-house decorating capabilities to deliver on-time product and award winning promotions.

McArthur is the number one towel supplier to locker rooms and weight rooms for the NFL, MLB, NBA, NHL, and NCAA. Our towels can be spotted on the benches and in stadiums at almost every professional sporting event across the nation.

We look forward to bringing you exceptional customer service.
Thank you for the opportunity to serve you!
