### Get Comfy

Your winter just got cozier! These chill-chasing throws are perfect for snoozing or for curling up with a good book. If you like to pull a blanket right up to your nose while you read on the couch, make sure you unfold it at the store or check the dimensions: It should be at least as long as you are tall. Another good tip: "When I get bored with my cream-hued sofa, I drape a throw over the back for a swath of color," says Home Editor Ayn-Monique Klahre. Click for our snuggly suggestions for warming up your home decor.
